You know the sale of this network to STT, National Security has been compromised. Even Saddam has been cheated \$10M by Kim of South Korea. There is no way that National Security will not be compromised when the Security Agreement was signed between Crooks (Global Crossing and STT). Have you ever seen any nation in this world whose national security is depended by agreement signed by a foreign nation whose integrity is doubted (dealing with fraudulent deal)? It is a SAD day in the history of our country.

Corrupt U.S. Big Business Executives + Corrupt U.S. Government Officials + A Corrupt Judge + Corrupt Major Institutions (Creditors) + Disgusting Individuals that would sell out their Mothers on a dime + A "Puppet" President + Those with Hidden Agendas + Those with Major Conflicts of Interest + U.S. "Traitors" + Greed + Major News Presses/Agencies wimping out and behaving Anti-American in their following of a "Hush Policy" + All of the above who sold their souls while selling out their Nation = The GX/STT Deal being approved and a VERY sad state of affairs for the United States of America.

The moral of the story is that there was never an individual from the above formula that was "Man Enough" to be a "TRUE PATRIOT" to his Nation and stand up to do the RIGHTEOUS thing. In the end, SELLING OUT was the easiest thing to do. It was also the most COWARDICE.

While all of the above SCUMBAGS gave "In to sin", we have fought FERVENTLY for the Integrity and Safety of the United States and it's citizens. This cause has always had more meaning than just an investment. In this pathetic and disgusting GX saga, there are definitely more mice than men.

This being said, for the SCUMBAGS that feel this Global Crossing matter will just be swept under the carpet; WRONG! You will be HAUNTED FOR THE REST OF YOUR DAYS, AND HELD COMPLETELY ACCOUNTABLE FOR YOUR TRAITOROUS ACTS. The beauty is you know who you are, and have to look at your PATHETIC and BENEDICT ARNOLD selves in the mirror every day while rotting away inside. You will never be able to run away from yourselves and your acts, and you will have many U.S. citizens that will continually remind you of your Anti-American and cowardice deeds.

We want to remind the Homeland Security, CFIUS, FCC and the White House that WE ARE STILL AROUND and will FOCUS ON PRESIDENT BUSH'S DEFEAT COME NOVEMBER 2004.

OUR COLLECTIVE PRESENCE WILL ALWAYS BE A CHRONIC ITCH ON THESE CORRUPT "LOW LIVES".

We feel STRONGER and more PATRIOTIC now than we ever have. Our many days have been spent fighting those involved in the above formula. We could not live with myself knowing that we sat still and accepted their way of life. Our family, and U.S. citizens in general, deserve better than that. This has always been a cause worth fighting for, and will continue to be.

We thank ALL OF THOSE WHO HAVE PUT A "MORAL" AND "PATRIOTIC" EFFORT IN THIS RIGHTEOUS FIGHT, AND THOSE THAT CONTINUE TO DO SO. We also TRULY THANK Karl Schwarz for "Standing Tall" and being "In the pit" continually. His time and effort has been IMMENSE in "Righting these Wrongs", and he continues his/our fight for TRUTH and JUSTICE. Remember as American citizens, would never accept second best.
